3. A new page will appear, where it will ask you to download the Web App plugin. Press the “Plugin-modul for Skype for Business Web App” link, and install the application.

1 Last ned og installer [Plugin-modul for Skype for Business Web App](#)

2 Etter installasjonen klikker du [Bli med i møtet](#)

3 Skype for Business Web App åpnes i et nytt vindu

4. After the application has been installed, click on “Bli med i møtet” or click on the pop-up asking you to “Open Skype for Business Web App”.

5. After the application launches, it will ask you to login. Press cancel if you do not have an Amitec skype account, and click on “Sign in as a guest to the meeting”.
